CUSTOM VEHICLES

We've been making vehicles to get the job done for more than 100 years. In that century-plus of manufacturing, we've built more than our share of custom vehicles. Just give us a challenge and we'll give you a vehicle that makes short work of it. Need an extra row of seats? Consider it done. A cargo bed with higher walls? Gotcha. Specialized tool rack? We're on it. Whatever you need, we'll find a way. Visit Cushman.com to see our gallery of custom solutions.
